SHIPPING SERVICES

Collegiate Storage and Rental provides international shipping services to students going to school in the Northeast Region. Whether items need to be shipped overseas for a semester abroad or just home for summer break, our simple shipping services make it easy for students come and go.

Our shipping services work like this:

1. The student places an order online at www.collegiatestorageandrental.com and downloads our free shipping labels.
2. Collegiate picks up the students' boxes from their dorm or off-campus apartment. If storage is needed, it stays in our warehouse. If it needs to be shipped to a destination, we take care of that, too.
3. When the student returns to school the next semester, we deliver stored boxes back to their school residence.

Introductory boxes start at \$50 for up to 25 lbs. Additional weight over that is \$2 per pound.

Collegiate Storage and Rental ships via FedEx, UPS, and USPS.

UNIVERSITY DIRECT

In addition to serving students at more than 20 colleges in the Northeast Region, Collegiate Storage and Rental provides logistical services and master rental programs through our **University Direct Program**. Operating on a project basis, Collegiate is a go-to source for university logistical services including dorm furniture installation and setup, moving bin procurement, moving bin rentals, exhibition hall management, and “Move In-Move Out” logistics.

When dorms are renovated or refurbished, and new furniture is ordered, Collegiate handles the logistics and installation. This includes bringing in our trained crew of installers to take the delivery of the furniture at the dorm loading dock and implement a floor-by-floor, dorm-by-dorm install and setup so that dorms are ready in time for students to return to campus.

Through our **University Direct Rental Program**, Collegiate provides master refrigerator rental programs directly to colleges along with bin rental programs. Universities that select this program receive professional services in which Collegiate sources and supplies each college dorm room with MicroChill® microwave & fridge freezer combos, provides the installation, handles mid-year repairs or exchanges, provides end of year cleaning, and removes the fridges at the end of the school year.

"Collegiate is great!!! My daughter goes to college in NYC and we live down south. We have rented a refrigerator as well as put several boxes into storage. Kevin and all have always done what has been promised! They go beyond what would be expected! When you live so far from your college aged child, you are put at ease having this wonderful company for help! I would highly recommend them!!!"

- Andrea J., Fort Worth, TX via Yelp

"My daughter is at NYU. I live in LA. I didn't know how to pack & store her things from 3000 miles away. The owner, Kevin, couldn't have been more pleasant and helpful. He responded to my phone calls and set my mind at ease. His company delivered empty boxes to my daughter's dorm & picked up the packed boxes on a day we requested and on time. The gentleman that picked up the packed boxes was helpful and had a good attitude. They even helped with last minute taping & labeling of the boxes. As the fall semester approaches the boxes will be delivered to her new dorm on a date we request. Kudos to Kevin and the gang at Collegiate Storage & Rental."
